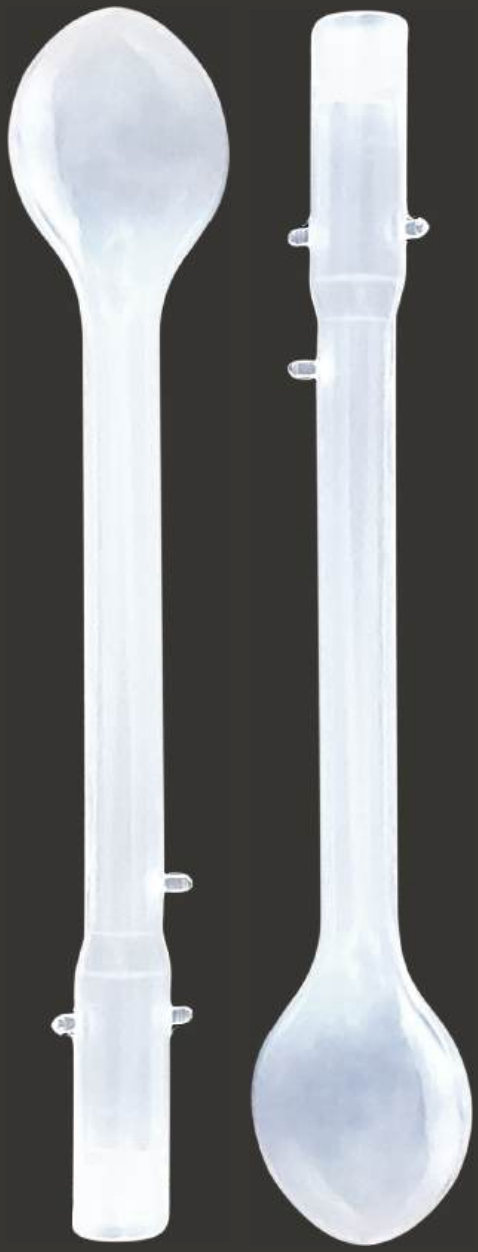
high-quality products
and outstanding service to help your business thrive.



8" Polished Plastic
Balloon Mould

8" Polished Plastic **Balloon Mould**

We manufacture and supply polished plastic moulds required for making latex balloons.

Manufactured from 100% virgin plastic, our hollow product moulds are of superior quality with high and low temperature durability. These materials are resistant to acids and alkalis.

We produce 8 inch moulds regularly. Moulds are manufactured and distributed in other sizes and shapes as per the order.

ADVANTAGES

- Not affected by high or low temperature.
- Unaffected by acids, steam or most other chemicals Less costly compared to other materials.
- Higher quality of the end product it yields as compared to some other material used.
- These plastic moulds are of high quality polishing.
